## PLEASE NOTE — ABOUT WARRANTING SEEDS

**NON-WARRANTY:** Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather or soil conditions, too deep or too shallow planting, etc., which renders it impossible for us to guarantee success, and although we take all possible care to supply only such goods as will, under proper conditions, produce satisfactory results, we still give no warranty, express or implied, as to productiveness of any of the seeds, plants or bulbs we send out, and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of the seeds, plants or bulbs and every order for articles named in this price list will be executed on these conditions only. It must, however, be plain to everyone who gives the matter the slightest thought that it is to our best interests to send out only such stock as will not only grow, but prove true to name and description.

ST. LOUIS SEED COMPANY

# **St. Louis Seed Co.'s Quality Grass Seed**

Prices Subject to Change Without Notice.

All our Lawn Grasses are recleaned and tested  
for highest quality, purity and germination.

One pound of Lawn Seed will sow 10 x 30 feet; 75 to 100 pounds to the acre.

## **HAVALAWN GRASS SEED**

A blend of the highest quality grass seed.  
A balanced mixture of **KENTUCKY BLUE**, **FES-  
CUES**, **RED TOP** and **WHITE DUTCH CLOVER**.

These are the best sod and lawn producing  
grasses. For a fine velvety lawn and a steady  
succession of growth, **HAVALAWN** is the per-  
fect mixture and will produce a fine leaved, deep  
rooted sod, under average conditions of soil and  
climate.

One pound will sow 300 sq. ft.
